STUDENT NAME : Swetha A

REGISTER NO AND NMID : CAAF7CD79CC5A7BBB5E4D76B79EC8118

DEPARTMENT : Bsc. Computer science

COLLEGE : M.M.E.S Women's Arts and Science college

UNIVERSITY : Thiruvalluvar university

Problem statement:

- Many beginners lack a visually appealing way to showcase their skills/projects.

- Traditionalresumes fail to highlight creativity and interactivity.

- Needforapersonalportfolio website to present work professionally.

PROJECT OVERVIEW:

- *personal portfolio website designed with an elegant "night sky" theme.*

- *Showcases skills, projects, and contact details.*

- *Built using HTML, CSS, and JavaScript for responsiveness and interactivity.*

END USERS:

●Students– to present academic and personal projects.

●Job Seekers – to share portfolios with recruiters.

●Freelancers – to attract clients by showcasing previous

work.   ●Developers/Designers – to maintain a digital

profile.

TOOLS AND TECHNOLOGIES:

- HTML5 –structureofthe portfolio.
- CSS3 – design, styling, background theme.
- JavaScript – interactive elements (menu,

  animations).

- Google Fonts – typography styling.

  HTML5 – structure of the portfolio.
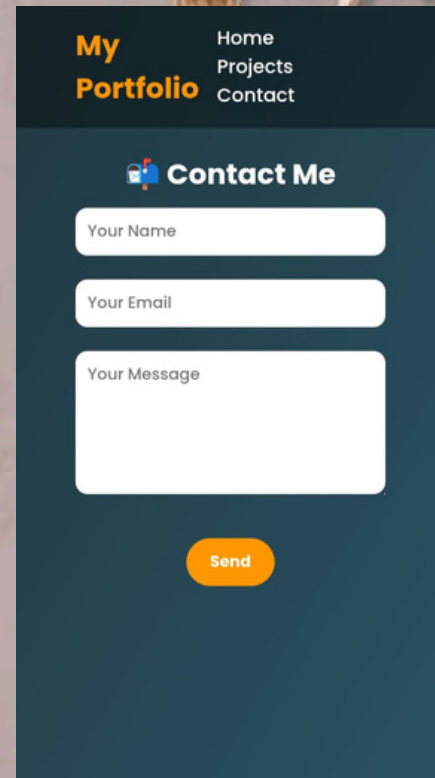

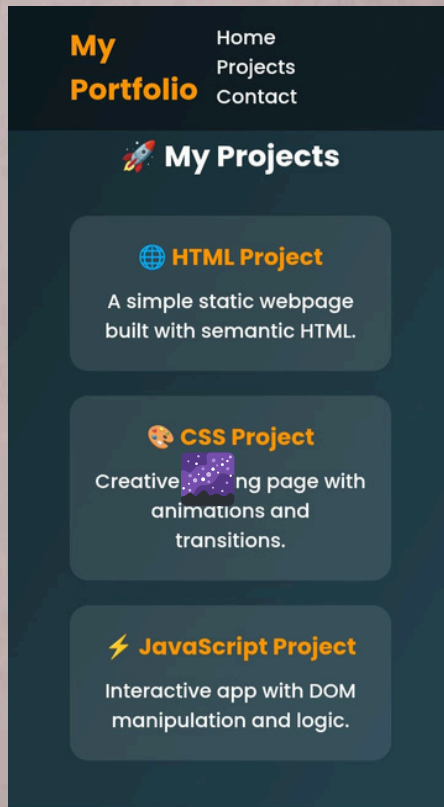

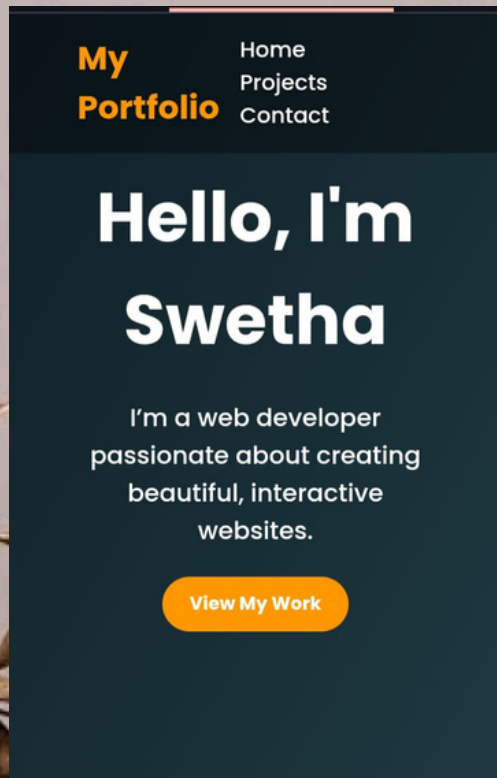

- CSS3 – design, styling, background theme.

PORTFOLIOS DESIGN AND LAYOUT:

●Theme :Darkmoonlitbackgroundwith stars 🌙✨.

●Navigation Bar: Home, About, Projects, Contact.

●Hero (intro + name)

●Projects with icons & descriptions

●Contact form/links

FEATURES OF FUNCTIONALITY:

- CleanUI/UXwithmoonlit theme.

- ProjectCards with icons and descriptions.

- Responsive Navigation for mobile & desktop.

- Interactive hover effects for projects.

- External links (GitHub/Contact) for easy reach.

RESULTS AND SCREENSHOTS:

2-create/swetha -portfolio-
/tree/main

CONCLUSION:

●Developed a personal portfolio website.

●Helps present skills/projects creatively.

●Responsive and user-friendly design.

●Can be further enhanced with backend
   integration (e.g., contact form).

Thank you
